Addiction Treatment: Clinical Skills for Healthcare Providers

By participating in this pilot, you will be able to:

**Educator:** Change the way health professionals obtain foundational SUD training

**Student:** Apply the skills and knowledge acquired through this training and make a difference in how your patients and the community are treated.

Funding for these materials was made possible (in part) by the Expansion of Interprofessional Healthcare Practitioner SUD Education grant #1H79FG000023 from SAMHSA. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services; nor do they mention trade names, commercial practices, or organizations imply endorsement by the U.S. Government.
